JOSIAH TURNER, Jr., EDITOR.

BAD LUCK.—This general term for bad management should be abolished; there is no such thing as bad luck in the sense in which it is used. There are accidents which no common good care could prevent, but there are few ills attending crops, live stock, or the disposal of the same, which cannot be easily traced to some bad management. For instance, a field of corn turns out so bad in quantity that the owner says he has "bad shocking bad luck with it this year;" but on inquiry it will be found that he was at work at something which he might have done a month earlier, when he ought to have planted it; that his manure was raw, having been taken from a heap which had never been turned over, and other people's corn was up and looking well when his was put in the ground. His lambs die without any apparent cause, many of the ewes having done the same previous to wean time; there sheep were shut in close quarters most of the winter, eating dusty and hard hay without any roots, bran or grain to strengthen them and enable their stomachs to digest. His cows have been miscarrying, and those having gone their full time give little milk, so that he has had very "bad luck" with them too; it will be found on investigation that these poor animals lived on mouldy cornstalks the first part of the winter, chopped up and wet, so that they could not pick out any which happened to be not quite so bad as the rest; then, just as abortion commenced, some hay was given to them, which was full of weeds—all of it, timothy, clover and weeds, in seed; the clover quite black, and the stems of all crackling like brushwood which moved about. Bushels of seed were knocked out in hay making, many more bushels scattered about in loading and unloading, while the rest shells out and mixes with the few leaves left to rub off the stems in being forked over from the mow to the mangers.

INTEMPERANCE.—Intemperance is a vice which is the parent of every species of crime Its name has no synonym in any language To say that it has caused the existence, and has made thousands of orphans hundreds of thousands of culprits and millions of paupers, is but to give a few bold dashes of the brush at its picture, which scarcely foreshadows its deformity. The delineator who would attempt to give you a tolerable description of it must conduct you from the hymenial altar of those widows to the death chambers and gibbets of their husbands; he would be required to paint the young and angelic bride as she gave her hand, her heart and her patrimony to one of those fancied images. He must conduct you to her father's homestead from which she forsook those endearments of childhood, and her mother's heavenly ministrations. He must touch with delicate hand the gathering eclipse as it came over the sunlight of her countenance, her sinking spirits her silent musings, her sighs, trickling tears, and her secret prayers. He must trace out the consequences of those perversions from generations, and show you drunkards begetting drunkards, poverty producing poverty, crime though successive ages.—When he shall have done all this, he will have presented you but a faint picture of the drunkard's orphanage.

DANGER OF SUDDEN FRIGHT.—A young married woman of this city was standing on the steps of her residence in the evening, bidding a friend good night. The friend had departed, and the husband thought he would give her a little surprise. Approaching carefully, he suddenly caught her in his arms. The "surprise" was a more effectual one than the husband had intended. The lady was so terrified that she shrieked and went into convulsions. She was carried into the house and a physician summoned, and he pronounced her in danger of becoming a raving maniac.—Her nervous system had received a fearful shock. For some days she was bereft of her senses; the slightest noise about the house or in the streets would cause her to act in the wildest manner. Last week she began to improve, when it was hoped she would ultimately recover, but unfortunately she suffered another relapse. A young boy attempted to shake the grate of the coal stove one morning, which so frightened the patient that she sprang from her bed, pounced upon the child, and would have seriously injured him had he not been rescued. It will be some time yet before the lady recovers from her terrible fright; she will probably carry the effects to her grave. A warning to all playful husbands.—*Syracuse (N. Y.) Courier.*

ABOUT HEATED ROOMS.—It is customary to put a vessel of water on a stove, to prevent the air of a room getting too dry; thus by filling the air with steam, it is rendered just as much less nutrious to the lungs and blood as it filled to that extent with the fumes from a dead carcass. The damp atmosphere has something of a steaming process on the skin, and thus renders the person extremely liable to take cold as soon as he goes forth in the open air. We want the air of a stove-room ventilated, changed for the pure air from without, not to fill it with the vapor of water. The only way yet know to improve the air of any room warmed by artificial heat is to open a doors or window from time to time, as while the family are at the table eating their regular meals.

TO YOUNG MEN.—The only way by which capital can increase is by saving. If you spend as much as you get, you will never be richer than you are. It is not what a man gets, but what he saves, that constitutes his wealth. Go, learn the first two rules of arithmetic; learn addition and subtraction. Add to your present capital any amount will not be the same as the first.—Every man should, in every year of his life, make some addition to his capital. You say you get but little. Never mind; spend less than little; then next year you will get more, for you will have the profit upon the sum you save.

A NEW REPUBLIC.—A new republic has been proclaimed in Northern Mexico. The declaration took place at Tepic on the 11th of January, Generals Lozada and Vega being the prime movers. The new nation is to be composed of the States of Chihuahua, Durango, Sonora, Sinaloa, Lower California, and a part of Jalisco.—Mexico is rapidly going to pieces, and, in consequence of the present paralyzed condition of the central government, the secession movement of the northern States can hardly be put down.

MEDICAL.

HENRY'S

CARBOLIC

CONSTITUTION RENOVATOR,

OR

BLOOD CLEANSER.

This medicine is known to the faculty as being the concentrated fluid extract of Sarsaparilla united with other valuable medicinal herbs, and is guaranteed as chemically pure,

FOR THE CURE OF

SCROFULA AND CONSUMPTION.

This remedy is compounded expressly for purifying and cleansing the blood of all infirmities, going at once to the fountain-head of disease. It extinguishes

Tumors, Consumption, Syphilis, Skin Eruptions Salt Rheum, Boils, Rheumatism, Worm of Vitality, Scrofula.

We all know that the promiscuous vaccination indulged in during the late war bred the most villainous diseases. Vaccination pus was taken from the arms of many persons full of scrofulous sores.

Then of course the impurities of the scrofulous patient were absorbed in the blood of men otherwise without diseases, and both be sme in sected alike. Men, women and children throughout all the West are most wofully diseased from this cause, and know not, until a few months ago, the origin of it.

Henry's Constitution Renovator

Relieves the Entire System of Pain and aches, enlivens the spirits, and sends new blood BOUNDING THROUGH EVERY VEIN. It imparties a

Sparkling Brightness to the Eye,
A Rosy Glow to the Cheek,
A Ruby Tinge to the Lips,
A Clearness to the Head,
Brightness to the Complexion,
Buoyancy to the Spirits,
And Happiness on all sides.

For all affections of the kindneys it is unsurpassed.

People have been rescued, as it were, from the very jaws of death, by a timely use of this great remedy.

EXTRACTS FROM VARIOUS LETTERS.

"Doctor, I was vaccinated in the hospital.—Before that I had no skin disease. Until I had a bottle of your "Constitution Renovator" sent me by Mr. Roper, of Columbus, Mo., I suffered torturies with running sores since I used two bottles I am all well except a small sore on the calf of my left leg, and that is getting well fast."

This from a lady.—"And now my skin is as clear and fair as a babe's. My complexion, thanks to your "Renovator," is beautiful.

"Yes yes, I may well say such relief was unknown to me before. Enclosed find five dollars for six bottles; two families here want to try it."

"I was very much troubled with syphilis.—Your remedy seems to be curing me fast. Send 4 bottles per Express."

"No more rheumatism. Three bottles of Constitution Renovator have made me a new man."

"Doctor, enclosed find $5 Please send me a supply. Two families here want to try your Constitution Renovator."

We have not space for more of the above extracts, but you can ask your neighbor about the remedy. Every one has something good to say, as it cures every time.

FOR ALL DISEASES OF THE KIDNEYS, RETENTION OF THE URINE, &c.

And for Female Diseases,

Nervous Prostration, Weakness, General Lassitude, and Want of Appetite, it is unsurpassed.

CAUTION!—In ordering our remedy always place the number of our Post Office Box on your letters. The new law in our New York Post Office compels this.

All that is asked is, a fair and impartial trial.

Among the numerous testimonials received read the following:

PHILADELPHIA, March 15th, 1869.

The undersigned, having witnessed the experiments of Messrs. Hale & Co., with their Charleston Burning Fluid, take pleasure in commending it to the public. The various tests to which the Fluid was subjected, was in the highest degree satisfactory. We have no hesitation in pronouncing it to be a safe and brilliant illuminating agent. Its cheapness added to its other good qualities, should insure its introduction into every family in the country, where Kerosene Oil is used.

RADICALISM A FAILURE.

Every true native son of our good old State, who feels that North Carolina is his home and his mother, as well as every adopted citizen who has come among us for the purpose of acquiring a local habitation, and indentifying his interests with ours, must feel humiliated and sorrow stricken when he looks around and sees the utter prostration to which we have, as a State and a people, been reduced in the short space of a year and a half, under the mad, stupid, reckless and fraudulent administration of the party in power.

We can look at or think of nothing that has passed under their control that has not been contaminated, or deeply injured.—They began with the Constitution—a Constitution so simple, plain and fair that all could understand and all were willing to reverence and obey it,and, instead of merely altering it to make it conform to the altered condition of things, and letting alone those parts that needed no tinkering, they upset and remodeled the whole instrument, bringing to bear upon it the utopian ideas of impractical and unskilful political mountebanks, engrafting upon it strange provisions totally un-suited to us and to our situation as a people, making it digestory impracticable and useless schemes and in short, making it such a Constitution cannot live under happily, peacfully or prosperously.

Then they set about legislating under this new and, in many respects, odious instrument, and such a spectacle of law making was, perhaps, never before witnessed outside of Mexico or Hayti. Nearly every Legislator and prominent State official of the party in power, seemed to think that the State was reconstructed, the offices created, the taxes collected and the whole machinery of the government constructed and put in motion alone for the private and special benefit of those who had thus fortunately, (to themselves,) been accidentally elevated to these high and once honorable positions All our statutes, framed with the most scrupulous regard to the protection of the rights of the people and the impartial, simple and cheap dispensation of justice to all, have been altered, patched and amended; repealed, re-enacted and re repealed, until the most skilful and best informed lawyer in the State cannot tell what is statute law and what is not.

It is useless to speak of the wild and reckless legislation in regard to appropriations, and the subsequent repeal of it all, allowing just sufficient time between for some of their friends to swindle the State out of millions on millions of the bonds placed in their possession without any security whatever. It is also unnecessary to allude to the heavy tax levies laid upon the people, for every one has too *feeling* a remembrance of this part of their stupid and heartless work to need anything else to make them think of it.

They took hold of our works of internal improvements and killed them, at least, for the present, and we fear, for a long time to come. Instead of progressing gradually, prudently and slowly, as the condition of things would warrant, they "pitched in," to use a common expression, and so over did the thing,that,what with swindling and mismanagement they so discredited their own work that they were obliged to undo it, as far as possible, leaving it altogether one of the worst "botched jobs" of legislation that was ever turned out before.

They made an Executive, and what has been the acts that have marked his administration? Space forbids anything more than a mere allusion to some few of them. He advised the Treasurer to sell the North Carolina Railroad 8 per cent bonds at 65 cents on the dollar, when they were worth par; and it has been said and never contradicted, that he profited by the transaction; but whether this be true or not, it is hard to account for that want of ordinary business knowledge, and ignorance of the circumstances connected with this matter, that could allow him to permit one of his Executive family to commit such a financial blunder, if indeed it were nothing worse than a blunder.

His action in sending out his militia to certain counties—and such militia; his sneaking spies, going through the country, with the deep prejudice of low partisan minds, to spy and listen and report the words and the actions of people at their homes and in the social neighborhood circle, thus driving from instead of drawing to him the confidence and respect of all decent people, will, when the excitement of the times shall have passed away, leave him to view, what he really is, simply the President of a political league with its headquarters in the Chief Executive office.

But above all, that which is most astonishing and most unaccountable in the Radical Chief Executive is, that while the frauds, swindlings and misapplication of the State bonds were going on, (and it seems impossible that they could have gone on as they have without his "knowledge,) he has remained perfectly silent in regard to the whole matter; has failed and refused to listen to the public voice, and has never stretched forth his hand or uttered a word to arrest the frauds or to bring their perpetrators to account, but, on the contrary the very persons who were doing the State and her public works this great injury, were his confidential and bosom friends, (and are, to all appearances, to this day,) on whom he seemed delighted to confer honor and positions of trust.

We intended to allude to the Radical Judiciary, but want of space forbids. The subject is too prolific to be cramped up in a short paragraph or two, therefore, we pass it.

To sum up all in a few closing words, the Radical or Republican party in this State is a failure. Its Constitution is a failure; its Legislature is a failure: its Executive is a failure, and its Judiciary is a failure. They have confounded and confused the laws; they have laid heavy taxes on the people; they have exhausted the Treasury; they have ruined the State credit; they have impeded the progress of internal improvements; they have failed to provide for the education of the poor children of the State; in short they have done those things they ought not to have done and have left undone those things they ought to have done, and there is no health in them.

THAT BLACK ROLL.

We wish to put in shape for easy reference, the record of the members of the Senate who voted last Friday to abolish the investigating committee, previously raised by a Resolution of the Senate. The direct and only effect of the passage of the Resolution of Mr. Smith of Wilkes, would have been to stifle investigation almost entirely, and cloak and hide the frauds and swindles of those who have heretofore escaped, either on account of the vacillating efforts at investigation, or by running away to get out of the reach of questions, of the suspected parties.

Here is the classified List:

Beeman,	native scalawag	Anson.
Bellamy,	" "	Edgecombe.
Brogden,	" "	Wayne.
Blythe,	" "	Henderson.
Harrington,	" "	Harnett.
Jones,	" "	Columbus.
Jones,	" "	Wake.
Smith,	" "	Wilkes.
Stephens,	" "	Caswell.
Colgrove,	Carpet bagger	Jones.
Cook	"	Johnston.
Davis,	"	M'tgomery.
Hayes,	"	Robeson.
Legg,	"	Brunswick.
Martindale,	"	Martin.
Moore,	"	Carteret.
Sweet,	"	Craven.
Epps,	colored	Halifax.
Galloway,	"	N. Hanover.
Hymon,	"	Warren.

When it was known that the Resolution was lost, Beeman and Jones, of Wake, changed their votes from the affirmative to the negative.

Dodgers Mr. Burns, of Chatham, and Mr. Lassiter, of Granville, kept themselves out of the way, and dodged the vote. Mr. Winstead, of Person, had obtained leave of absence the day before, but it is said he had not left the city.

Every Democrat in the Senate, and eight Republicans voted against the rescinding Resolution.

CHOICE OF DANGERS.

If you see a man on a boat in the midst of turbulent waters, jump from the boat into the water, you infer that he is either insane, or that the danger of remaining in the boat is greater than the danger of jumping out of it into the water. The twenty Radical members of the Senate who voted to abolish the investigating committee, on Friday last, are all, or nearly all, men of common sense, they are none of them exactly insane. Each man of them, who does not know that he is politically dead with his constituents, knew that to give that vote was political suicide. The inference is a legitimate one that the danger in *not* giving it was greater than the danger of giving it. There must have been a fearful alternative.

The people will form their own ideas of what that alternative was. They may very reasonably suppose that Littlefield would approach them thus: "Gentleman, I am in the power of this Committee, unless I run away again, and that would be worse than to stay. I *intend* to stay. You know what has been the connection between us in the past; if left to the mercies of this committee, I shall make a clean breast of it. You know how that will affect you. Now save me from this committee by abolishing it."

We may very reasonably suppose the existence of some such alternative, from the spectacle presented in the Senate on Friday.

TROUBLE AMONG LOTTERY MEN—DRAWING STOPPED.—Warrants were issued yesterday by the Judge of the Special Court for the arrest of E. J. Krebs, the present manager of the North Carolina Real and Personal Estate Agency in this city, who has been conducting regular lottery drawings twice a day for two or three days past. There are two warrants, one for a city case of misdemeanor, and another case brought in the name of the State. A trial is appointed for this morning, and Mr. Krebs was required to give bond of $1,000 in each case for his appearance then, and to suspend his lottery business in the meantime.

It is alleged that the present management has exceeded the limits allowed by the charter of the Agency and conducted a lottery for money, contrary to law. The case will come up this morning, and these points will all then be brought out. Maj. C. M. Stedman and Col. B. R. Moore have been retained for the defense.—*Wilmington Journal*, 4th.

STRANGE.—A correspondent of the Augusta *Chronicle and Sentinel* gives the following as one of the strange sights of the times:

How strange some things appear! In the House of Representatives, Bynan—a "Union soldier," a "carpet-bagger," a Radical—is seen standing in the breach, bearing his breast to a storm of abuse and bludgeons, maintaining "the honor of Georgia," while in the Speaker's chair is a native Georgian, an officer who once were the Confederate grey, in open, shameless alliance with the negroes and Bullock, to dishonor his State and plunder the treasury.

SENATE.

SATURDAY, March 5, 1870.

The Senate was called to order at 10 o'clock.

FROM THE HOUSE.

Numerous bills were transmitted from the House mostly of a private character, among them a bill to amend sections 149, 268 and 274, of the Code of Civil Procedure.

On motion of Mr. Graham the rules were suspended and the bill passed its several readings.

BILLS INTRODUCED.

By Mr. Beeman: Bill to establish a Ferry across Pedee River at the head of the falls in the county of Anson. Referred.

By Mr. Blythe: Resolution in favor of T. W. Taylor, Sheriff of Henderson county. Lies over.

By Mr. Love, the following resolution to wit:

Resolved, That the Treasurer be and he is hereby requested to inform the Senate, without delay. What sum or sums of money he has paid out of the Treasury for legal advice appertaining to his department since July 1st, 1868, and what sum is now due and owing, if any, for such advice.

Mr. Martindale said he was opposed to passing any such resolution. He could see no necessity for it. The Senator from Jackson was constantly introducing such resolutions, and consuming the time of the Senate unnecessarily. A similar resolution making inquiry as to what disposition had been made of scraps of carpeting, was rejected by the Senate, as it deserved, and this should receive a similar fate. He did not know what object the Senator had in introducing such resolutions, they certainly could accomplish no good. He was getting tired and sick of them, and moved to lay it on the table.

Mr. Love said he would say to the Senator from Martin (Mr. Martindale) that he did not intend to submit his bills and resolutions to him in order to get his opinion as to their correctness or merit He was a le judge of his duties as a Senator. If the Senator from Martin was too dull to see the point, it was not his (Mr L's) fault. The object of the resolution was to ascertain how much money the Treasurer had paid for legal advice. He was legally empowered, but it should not be so—to expend without any restriction, $50,000 for this purpose if he chose. The people had a right to know how much had been expended. He presumed the Senator from Martin was really sick of such resolutions and investigation Committees, as was plainly indicated by the Senator's course on yesterday, in trying to break up an investigation that is likely to expose swindlers. As to the "scraps of carpet," the Senate had virtually admitted that the Secretary of State had improperly used the remnant of the Capitol carpet, perhaps 50 yards, by rejecting his resolution on the subject. The *Republican* Senators had put *their* Secretary in a fix. He (Mr. L) was not to blame for it. If the Senate rejected the resolution now under consideration, they would place the Treasurer in the same fix.

Mr. Martindale's motion to lay it on the table was voted down.

AYES.—Messrs. Bellamy, Blythe, Colgrove, Cook, Hayes, Harrington, Hyman, (col.) Legg, Moore, of Carteret, Moore, of Yancey Sheffner and Smith—13.

Mr. Moore, of Carteret, moved the indefinite postponement of the resolution.

Mr. Graham called the previous question, which was sustained, and the resolution was adopted.

NAYS.—Messrs. Bellamy, Blythe, Colgrove, Cook, Hayes, Harrington, Hyman, (col.) Legg, Martindale, Moore, of Carteret, Moore, of Yancey, Sheffner, Smith and White—14.

By Mr. Parker [at the request of Mr. Winstead who is absent] the following resolution, to-wit:

Resolved, That Hon. Thos. Bragg, Samuel Phillips and W. L. Scott, Esq., Committee appointed under a resolution of the Senate ratified, be, and they are hereby respectfully requested to report the result of their investigation to the Senate by the 10th of March or sooner, if not incompatible with the public interest, and that the Secretary of the Senate is directed to furnish said Committee with a copy of this resolution.

Mr. Cook moved to amend the resolution by striking out, "be and they are respectfully requested" and insert in the blank "we beg and pray you."

Mr. Moore of Carteret, said he hoped the amendment would not be adopted, he had no idea himself of begging or praying the committee to do anything for his accomodation, when a *member of said Committee was not even a citizen of the United States*.

Mr. Graham demanded the previous question and called for a division of the question, which was sustained.

The Senate refused to strike out.

AYES.—Messrs. Beeman, Bellamy, Colgrove, Cook, Legg, and Martindale,—6.

Mr. Cook moved to reconsider the vote by which the main question was ordered, motion was lost, and the resolution was adopted.

NAYS.—Messrs. Bellamy, Colgrove, Cook, and Harrington,—4.

The said commissioners shall cause all just debts of the said Company to be paid, and from time to time, as the progress of the construction of the road shall require, pay such sums as may be proper to secure an economical and speedy completion of the said work, or so much thereof as the funds within their control may be sufficient to construct.

Sec. 2. That the said Commissioners shall for the purpose aforesaid have power to send for persons and papers to be examined by them and make all necessary orders and regulations to that end: and it need be, the said Commissioners may send one or more of their members to the City of New York or elsewhere to ascertain and report facts.

Sec. 3. A majority of said Commissioners shall be sufficient to carry out the purposes of this act and a majority of those so present shall have full authority to transact all business.

Sec. 4. This Act shall take effect, if assented to by said Company, from and after its ratification.

Sec. 5. The Commissioners shall report from time to time, and at least once in every six months, their action to the Governor of the State, who shall report to the next General Assembly.

Mr. Moore took the floor in explanation of the bill and in advocacy of its passage.

Mr. Candler argued for sometime in support of the bill.

Mr. Pou thought the proceedings premature, he thought it should be postponed until the House should have the sworn report of the Committee appointed to investigate these matters.

Mr. Mendenhall moved to lay the bill on the table; lost yeas 15, nays 47.

On motion of Mr. Moore of Chowan, the bill was made the special order for Monday at 12 o'clock.

Mr. Moore of Chowan, moved that the use of this Hall on Monday night be granted to Mrs. Oliver to lecture on WOMAN'S SUFFRAGE. The motion was unanimously adopted.

House then adjourned.

NOTE.—If the proceedings of day before yesterday, it should have appeared that Mr. Smith of Alleghany, moved to suspend the rules to take up the bill reference to Sheriffs, instead of Mr. Pou.

This article is much superior to the Peruvian Guano as a fertilizer. It contains a much larger percentage of bone phosphate and soda, and nearly as much Ammonia, its effects upon the land will be seen for years.

The following extracts from certificates received from those who used it last year upon Cotton will have the effect to remove the prejudice produced by the use of manufactured fertilizers, and give confidence in this home made article.

H. Lehergman, Esq., of Bertie county N. C., writes: "I have used your Phosphate Fish Guano in equal quantities side by side with Peruvian Guano and found the product much in favor of your article, the weed was larger, Cotton heavier and the plant kept green through the dry Summer

NEW ADS.—We omitted, for want of space, to notice on Saturday the card of Maj. Blair, of the Yarborough House, who is now giving his entire attention to making the Yarborough what it has always been in his charge, one of the best Hotels South or North.

A. D. Taylor, announces new goods in his line—the mischief of it is, he can't keep enough of those nice Hechler sausages to meet the demand for them.

See the notice of the Superintendent to those who may desire to purchase lots in Oakwood Cemetery. The suggestions therein are timely.

H. N. Brown, of Hillsboro' announces an advance supply of prints.

Flowers and flower seeds, at Murray's old stand, Fayetteville street—see card of M. Pierre Ronnan.

LECTURE.—We are requested to announce that Mrs. M. F. Oliver, of Cincinnati will lecture upon Woman Suffrage, this (Monday) evening at 7 o'clock in the Hall of the House of Representatives.

In order that there may be a large attendance of the *timid* creatures, we are particularly, requested to state that the front seats will be especially reserved for ladies.

Throwing missiles at passing trains is becoming to be too common an occurrence to be at all comfortable to passengers, recently. The papers have chronicled several instances of this diabolical meanness lately, in none of which serious damage was done, though this was attributable to fortuitous circumstances alone.

The last case we have heard of was that of two stones being thrown through the windows of the passenger coach of the N. C. Railroad, below Clayton, on Thursday night last, by which two of our fellow citizens, Mr. N. L. Brown, and Mr. R. W. Best were in danger of being seriously hurt.

FINE APPLES.—We noticed some of these at Gattis' yesterday—fine, plump, sweet-smelling and delicious. Gattis wants a number of customers to come and buy them; also a fine selection of other fruits and confectioneries.

We regret to learn that Dr. Moore, the Representative from Alamance, is still detained from his seat by the continued illness of his wife.

It is nothing more than just to the Doctor that we should say, that no gentleman has been more punctual in attendance upon the sittings of the House, or more diligent and vigilant in watching the interests of his constituents than the Representative from Alamance.

The Reporter inadvertently omitted to mention, in the proceedings of the House, that Mr. Moore applied for and obtained leave of absence in consequence of the affliction in his family.

WASHINGTON UNIVERSITY OF MEDICINE, BALTIMORE, MD.—At the commencement exercises on the 22nd Feb. 1870, the degree of M. D. was conferred upon the following gentlemen from North Carolina, graduates of the Institution, viz:

Geo. S. Atmore, Jas. R. Campbell, G. H. Dodd, Wm. H. Hardison, Chas. G. Hill, A. S. Jones, V. S. McNider, J. M. Moore, Ed. A. Morse, M. E. Robinson, and O. C. Stallings.

The interesting exercises were concluded, by the presentation of prizes, awarded by the adjunct Faculty for superior attainment and proficiency in study. The successful gentlemen were M. W. McKee of Mississippi and Chas. G. Hill of North Carolina. We learn that this Institution, though only in the third year of its existence, has had a prosperous session,—receiving its patronage almost exclusively from the Southern States, it bids fair under its able Faculty to become the Medical University of the South. North Carolina is ably represented in the Faculty, by Dr. Edward Warren in the Chair of Surgery and Dr. J. E. Lindsay Professor of Chemistry.

A Wrong Impression Corrected.
Many persons believe that there is no value in anything that does not come from "the North." How humiliating! However, this impression is being gradually corrected. It is now admitted that no remedial Agent has ever been discovered, North or South, that possesses, in so eminent a degree, the power of eradicating from the system all foul distemper, as DR. TUTT'S SARSAPARILLA AND QUEEN'S DELIGHT. The secret is, *it assists nature to do this through its own channels*. It is composed of vegetable substances alone, every one of which grows on Southern soil. It is the BLOOD PURIFIER OF THE AGE.

The Combination of Ingredients used in making "*Brown's Bronchial Troches*" is such as to give the best possible effect with safety. The Troches are used always with good success and are widely known as the best remedy for Coughs, Colds, Throat Diseases and Asthmatic troubles.

Walled in with Paper!—Why are the hair coloring preparations kept dark? Simply because the light decomposes them and exposes their foul sediment. Hence the bottles are jacketed with paste and paper. PHALON'S VITALIA, OR SALVATION FOR THE HAIR on the other hand is as clear and transparent in the sunshine as in the shade. It revives the natural color in every time-bleached fiber, and does not stain the skin. Sold by all druggists and fancy goods dealers.

JOURNAL OF COMMERCE.—What did you say was the price of oysters by the bushel down there, on Wednesday? and didn't you leave out an *S* in naming the currency?

They are blessed with the "legitimate" Drama in Wilmington, this week. The bill announces the production of several of Shakspeare's best tragedies and comedies.

DESTROYED BY FIRE.—A large building which had been purchased by the Baptists, for a house of worship, at Bentonsville, Johnston county, was destroyed by fire recently; supposed to have been the work of an incendiary.

A correspondent of the Goldsboro' *Messenger* gives a glowing account of the growth and prosperity of the village of Mt. Olive, in Wayne, on the W. & W. Railroad. They have there six dry good stores, all doing a good business. Other business establishments, such as carriage shops, harness factories and the more ordinary mechanic shops, and, better still, good schools and comfortable houses of worship. Success to Mt. Olive.

STRANGE FREAK OF NATURE—AN EGG WITHIN AN EGG.—One of the most singular evidences of nature's freaks, says the Wilmington *Journal*, was shown us by Mr. Francis M. James last evening. It was no less than an egg within an egg. This egg was laid Tuesday by a hen belonging to Mr. James and presented nothing singular in external appearance. His wife having occasion to use it yesterday, broke it and emptied the contents into a bowl, when lo! a smaller one about the size of a partridge egg was disclosed to view, perfect in shape and a real, existing curiosity. This is a little ahead of anything we have yet heard, and our own senses bear witness of its truth.

We are authorized by one who knows, to say that when the Standard states that Mr. Swepson is a Democrat he misrepresents him. He claims to belong to no party, but voted for Gen. Grant for President. Our informant seems to know whereof he speaks. (Perhaps Mr. S. belongs to the new *third* party.)

BEAST BUTLER UP FOR PRESIDENT, 1872.

John Pool and Mr. Cobb, both from (but not of) North Carolina among his partisans, and of course, against Grant for the succession. We copy the following from the N. Y. *Express* March 1st. Did the admiration of these Members of Congress commence when the aforesaid B. B. was in command at Norfolk and granted indulgences in contraband trade across the Chowan border?

PRESIDENTIAL—1872.—The Radical ticket for 1872 may be Benjamin F. Butler, of Mass., for President, and B F. Whittemore, of S. C., for Vice President. Each have won their laurels—the one at Big Bethel, Dutch Gap and Fort Fisher, and the other at West Point.

The meeting which nominated Butler for President in Washington on the 26th, consisted of two American citizens of African descent, in the front seats, several vacant benches, behind which, as we read in the *Herald*, were "the bulk of the audience, composed of whites and blacks, and particularly all the band, entirely black, which was away back by the door. Senator Pool, of North Carolina; Congressman Cobb, Mr. George F. Butler, (nephew of the Essex statesman,) Congressman Bennett, of N. Y., and some few other Congressional celebrities were among the audience. The balance of the attendants was made of ex-soldiers and sailors, who were under obligations to Ben. Butler. On the platform were two tables, three chairs, two American flags, one painting *al fresco*, and three men destined to occupy three prominent positions in the annals of immortality. These three individuals were Captain Horse-Marines Jones, Dr. Snodgrass, and Dr. Lockwood."

Jones made Snodgrass President; Jones made the first speech; Jones made the third speech; Jones called the meeting to order; Jones organized the meeting; Jones said Butler would, could, and should be President in 1873; Jones proposed a serenade to Butler. Jones and Snodgrass led the procession of colored boys and acted as Duke of Buckingham did, when proclaiming the glories of the Duke of Gloster. He threw up his cap and shouted "Long live Ben Butler, President of the United States." And Butler was as cool when he spoke to the air and the boys, as King Richard was when entering the hall of state between the "two right reverend fathers." "Long live Butler" and long live Jones!

SAD OCCURRENCE.—On Saturday, the 29th January, a Mrs. Ray, of Cherokee county, was in a dying condition at the house of her daughter, a Mrs. Henry, on Valley River. Mrs. Henry sent for her little daughter, aged about 12 years, who was at the house of Mrs. Arrowood.

Mrs. Arrowood went with Miss Henry, taking her own daughter with her; and in attempting to cross Valley River in a small batteau, the same sunk, and all were drowned. Mr. Arrowood was standing on the shore and witnessed the sad occurrence; it being dark and he being unable to swim, he could render no assistance.

Mrs. Ray died, and all were buried at the same time.—*Asheville Citizen.*

Shaking and Burning.
It is not necessary to journey from the tropics to Alaska in order to experience the extremes of heat and cold. Thousands undergo all the inconvenience of this thermometrical change every day, or every other day, as the case may be, without the trouble of moving over the threshold. A word with these involuntary shakers. What are they doing to expedite their return to a medium temperature?—to break the chills and banish the fever? Are they dosing themselves with quinine, thereby imperiling the soundness of their bones and impairing the vigor of their brains and nervous system? Some of them are, no doubt, but not the majority of them, it is believed. The value of Hostetter's Stomach Bitters as a harmless and certain specific for fever and ague is understood and appreciated in all parts of the country where intermittents prevail. The residents of such localities begin to take it early in the spring as a protection against the miasma by which they are surrounded; not all of them, perhaps, for a blind adherence to error is the specialty of some people, but the greater number.

If there is any fixed fact in therapeutics, it is this: that the Bitters are a far better safeguard against all the varieties of periodic maladies produced by unwholesome exhalations than any drug or compound in the materia medica of the profession. This assertion is made with all due respect to the faculty, but being an important truth, and one that nearly concerns the health of large settlements in various parts of the country, and indeed of the public at large, it is made fearlessly. Founded on ample and unimpeachable testimony, it defies disproval.

To break up chills and fevers, as well as to prevent them, there is nothing so reliable as this wholesome vegetable restorative.

Col. Chas. Blunt, of the Engineer Corps, sustained a suspension of the rank and pay for three months and reprimand in general orders.

Jas. N. Mason colored, of Ark., has been nominated Consul General to Liberia.

The bill reported by Robertson, from the disability Committee, does not relieve persons affected by the 14th amendment.

In the House, after unimportant business, the Georgia bill was taken up and will be voted on tomorrow. Butler, in arguing the bill, said that Georgia, for the first time, presented herself in a proper guise for admission. Butler added that if the judgment of the House went with his own, he proposed to submit to Tennessee the power of Congress against wrong, rapine and murder. Farnsworth opposed the bill and said he understood very well the object of the bill.... was got up on the theory that the admission of the Georgia members of the 40th Congress went for nothing like Rip Van Winkle's dream and that they were to come back and be sworn in for the 41st Congress. It was to prolong the tenure of office of certain gentlemen in Georgia, and the bill might as well be entitled that as anything else.

SENATE.—The Committee on disabilities reported a bill abolishing the iron clad oath.

A resolution of the Mississippi Legislature, asking for the removal of disabilities from the citizens of that State, was presented.

The bill to refer all claims for quartermaster and commissary stores furnished to or taken by the United States, by loyal persons in the South during the war, was considered. Amendments were offered limiting the bill to the mere examination of claims, and to refer claims of over $500 to the Court of Claims, was proposed to diminish but not to increase the amount were proposed. No action was taken.

PRATT'S "ASTRAL" OIL.
UNLIKE MANY OTHER ILLUMINATING Oils, *is perfectly pure*, and free from all adulterations or mixtures of any kind. It emits no offensive smell while burning, gives a soft and brilliant light, and can be used with the same assurance of safety as gas. Chemists pronounce it the *best* and *safest* Illuminating Oil ever offered to the public; and Insurance Companies indorse and urge upon consumers the use of the "Astral" Oil in preference to any other. It is now burned by thousands of families, and in no instance has any accident occurred from its use; a lamp filled with it, if upset and broken, will not explode. *To prevent adulteration*, the "Astral" Oil is packed only in the Guaranty Patent Cans, of 1 gallon and 5 gallons each, and each can is sealed in a manner that cannot be counterfeited. Every package with uncut seal we warrant. Be sure and get none but the genuine article, Pratt's "Astral" Oil, for sale by dealers everywhere, and at wholesale and retail by the proprietors.

W. J. LAWTON, President. — R. J. LIGHTFOOT, Secretary.

The Georgia Mutual
IS A HOME COMPANY.

Owned and conducted by Southern men. It employs its funds at home for the benefit of Southern enterprises.

IT IS THE PIONEER COMPANY OF THE SOUTH, in all the new and liberal features of Life Insurance, presenting advantages not offered by any other Company, note the following points.

1st. Low Rates of Insurance, with a credit of one third, the Premium as a perpetual Loan.
2d. THIRTY DAYS GRACE for the payment of all premiums, and the Policy held good for that length of time.
3rd. Policies Non-forfeiting after the first payment.
4th. Policies indisputable from any cause save fraud.
5th. No restrictions of Residence, Travel or occupation.
6th. It is a Mutual Insurance Company ninety four per cent of the Profits are divided among the insured, on the contribution plan, and as money commands higher rates of interest in the South than North or East, the probability is almost certain that the dividends will exceed those of Northern Companies, this reducing the premiums to their lowest actual cost.

7th. Under the Charter of this Company, Policies of insurance are not subject to the debts of the Insured. Policies in favor of a wife or children are payable to them or their guardians direct.

8th. This company issues policies guaranteeing six per cent. compound interest in addition to the insurance of the amount insured. JAMES P. LUCAS, President.

CAPITAL STOCK, (PAID UP,) $150.000.00!

Stockholders bound for Double the Amount of Stock!

$100,000 DEPOSITED WITH THE INSURANCE DEPARTMENT OF MISSOURI.

THE MOST SUCCESSFUL CASH COMPANY IN THE WEST!

The Stock of this Company is owned by the Capitalists of Louisville, Ky., and St. Louis, Mo. It is emphatically a Western and Southern Institution.

The DE SOTO has no desire to exalt its merits over those of other good Companies, nor to prosper on the decline of others, laboring in the same fields, and for the same grand object. Confident of its equal advantages with others, of whatever age or standing, it is willing to labor honorably for success, and hopes to deserve the public confidence by its energy, industry, and liberal spirit.

From the Missouri Republican.

"Few Companies have started out with such gratifying and flattering prospects of success, and under such favorable auspices. The Company has been extremely fortunate in the selection of its Directory. Its President, JAMES R. LUCAS, needs not a word of commendation from us. He enjoys a general reputation as a gentleman of wealth, unquestioned integrity, practical good sense, sound judgment and splendid business capacity.

The Directors rank among the first class of our merchants, bankers and citizens, as men of capital, financial ability and experience: men of probity and unblemished reputation. In the character of such a Directory, the community have the best guarantee that the business of the Company will be prudently and judiciously managed."

Policies issued on all the popular plans and all Non-Forfeiting.

Policy-holders may travel by the usual modes of conveyance, either by land, river, lake or coast wise, in any portion of the United States and Territories, the settled portions of the two Canadas, Nova Scotia and New Brunswick, and in time of peace may cross and recross the Atlantic Ocean by the usual passenger routes to, and travel and reside within, any portion of Europe.

VALENTINES—SOMETHING NEW.

Owing to the fact that some who have received Valentines wish to reciprocate, and others who have not, wish to send some, that they in turn may receive, Cupid will allow them to be sent during the entire month of February this year. And in order to assist in this accommodating arrangement, I have just opened a new lot of sentimental ones, which will be sold at half price.

The Company has been well tested throughout the State, as to its promptness in paying her losses, reliability, &c.

DIVIDENDS PAID AT THE END OF THE FIRST YEAR, AND ANNUALLY THEREAFTER.

Its ratio of expense to income is extremely low. This may be seen by reference to the Official Reports for 1868. For example:

EXPENSE ON THE $100 RECEIVED.

KNICKERBOCKER,	$16,54
EQUITABLE,	17,44
NORTH AMERICA,	21,16
BROOKLYN,	21,09
UNIVERSAL,	27,24
JOHN HANCOCK,	18,27
THE NATIONAL,	63,48
THE ÆTNA,	18,41

It has an IMPORTANT NEW FEATURE that has been copy-righted. According to this plan the rates are MUCH LOWER than in any other Company in the world.

Its ratio of Mortality is low. Its rates are very low. Its expenses are very low. Its dividends are large.

It insured more lives in the City of New York in 1868, than any other Company, except one. It issued more Policies in the United States than any other save one. It insured more lives in Canada than any other Company, British or American.

See what the HIGHEST INSURANCE AUTHORITY in this country says. In the June number of the *Insurance Times*, of New York, the following opinion was expressed:

"If there is any great benefit in mutual association, any great advantage to be derived from scientific organization and a chartered source, tending to mitigate the sufferings, lessen the privations, and add to the peace, security, and happiness of humanity, we are prepared to show that these blessings flow, in all their fullness and purity, from this excellent, powerful, and flourishing Company, the ÆTNA LIFE, of Hartford."

"No institution has brought more prompt, full, and grateful relief to the hearths of the bereaved and desolate, and none has been more uniformly distinguished for the enterprise, wisdom, and equitable liberality with which it has fulfilled the purposes of its formation."

"Its success has been almost unbounded and beyond all precedent. Eight years ago, in 1861, it issued only five policies, received an income of seventy-eight thousand dollars, and possessed said assets amounting up to something over two hundred and eighty-one thousand dollars; but last year, 1868, it granted 13,357 new policies, more than any other Company, except the Mutual Life; received an income exceeding six million dollars and had amassed solid, securely and profitably invested said assets amounting to over Ten Million Three Hundred and Fifty Thousand Dollars. And this wonderful ratio of growth has been sustained in 1869."
